Biography

Will graduated Cum Laude with a J.D. from the University of Ottawa in 2023. Prior to law school, Will obtained his Bachelor of Arts (Honours) from the University of St Andrews in Scotland, with a specialization in ancient history and archaeology.

At St Andrews, Will was head of his class for the archaeology department, as well as President of the Student Archaeological Society. Will worked around Europe, including in Italy and Greece. He was accepted for a Masters in Archaeology at the University of Oxford but decided to pursue his passion for the law in Ontario.

At the University of Ottawa, Will was a mentor to his peers having served as a peer mentor and an ally in law for first year students. In addition, Will ran several successful sports law panels in his role as Vice President External for the University of Ottawa Sports and Entertainment society.

Will has had the privilege of assisting the United Nations with research, particularly regarding the war in Ukraine.

Will has also been involved with several Charitable Organizations such as Me to We and Childreach International. Both experiences took him to Tanzania, and his efforts were rewarded with the ultimate experience of successfully climbing Mt. Kilimanjaro.

In his spare time Will enjoys supporting our Toronto sports teams, specifically the Maple Leafs, and has a soft spot for the New England Patriots.
