Biographie

(Disponible en anglais seulement)

Paul Ryzuk, P.Eng., has a litigation practice that focuses on construction and professional liability matters on residential, commercial, and industrial projects.

Paul brings a highly technical background to matters, and has particular experience in prosecuting complex construction matters with large document productions in both arbitrations and conventional court proceedings. He has assisted clients with construction-related matters in Alberta, British Columbia, Saskatchewan, Manitoba, Ontario, and the Northwest Territories

Prior to his legal career, Paul worked as a geotechnical engineer in Victoria, B.C. on a variety of residential and commercial developments throughout Vancouver Island.
