Lili-Anne Deguire manages the operations of both the Montréal Paralegal and Financial Services teams, contributing significantly to drafting, harmonizing and implementing policies and procedures. She is also very involved in her workplace, offering support to paralegals in training on administrative and technical operations. Lili-Anne participates actively in recruiting, training, and evaluating team members.

The members of her Paralegal Services team offer their support to firm members as well as their clients in relation to annual and routine updates as well as drafting documentation for commercial, corporate and tax-related transactions. As for the members of her Financial Services team, they carry out research and due

diligence checks for corporate financing, security deposits, as well as purchase and sale transactions.

Before joining the firm, Lili-Anne had worked for 25 years as a business law paralegal. For fifteen of those years, in addition to her usual role, she took on management responsibilities within several large firms in Montréal as well as the legal department of a national company, where she led various important large-scale corporate, commercial, and tax-related transactions.
